NEWARK GETS NEW INDUSTRIAL PLANT; WORK UNDER WAY

Construction of another new major industrial plant has gotten under way in Washington Township.

The west coast plant of the E. J. Lavino Company, manufacturers of refractory brick, is being constructed at Newark by the Barrett & Hilp Company of San Francisco.

The new plant is being constructed on a tract of approximately 50 acres along Wells Avenue and will be linked to the Southern Pacific railroad by a mile-long spur track.

Paul Beach is the superintendent in charge of the construction of the plant and H. Chapot is office manager for the construction company.

Local representative of the Lavino Company, who will also become plant manager, is Lauren W. Kanninen.

The main office of the company is located in Philadelphia, Pa.

Six structures will be erected to house the plant's operation. The structures, all of reinforced concrete foundations with steel superstructure covered with corrugated iron, include: warehouse, kiln, mixing and press building, crushing and screening building, ore mill, and drier building.

Construction is expected to be completed by late spring.

The office building on Wells Avenue is being built by the Neill Clintsman Jr. Building Company of El Cerrito.

CHAMBER FETES OUTGOING CHIEF

Fred Rogers, retired chief of the Centerville Volunteer Fire Department, was given a standing ovation by the members of the Centerville Chamber of Commerce at the luncheon meeting of that group Monday.

Rogers announced to the group that his resignation, submitted early this month, became effective on November 1, terminating 34 years as chief. He stated that the growth of the district has made it impossible for him to serve as chief and continue with his job as Alameda County Game Warden. He stated that he would continue to serve as a member of the Fire Commission.

In a report to the Chamber, Rogers stated that with the exception of an inadequate size water line on a portion of Mowry Road and the installation of some hydrants, which have been ordered, the district is well protected from a standpoint of water for fire protection.

The meeting was held in the faculty room of the high school gymnasium where the luncheon was served by the cafeteria staff, aided by the girls of the homemaking class.

At the conclusion of the meeting the Chamber members were escorted through the new business education building by J. V. Goold, district superintendent.

GROUND BROKEN FOR NILES FIREHOUSE

Ground-breaking ceremonies for the new Niles firehouse under construction on Second Street were held Tuesday morning, John Brahmst, fire commissioner heading the building committee, served as master of ceremonies. Commissioner A. M. Alves, for many years chief of the fire department, turned the first shovelful of earth.

Participating in the ceremony was Architect Larue Sorensen of Carmel, who designed the 4,000-foot structure, Commissioner Leon Solon, Clerk Ruel Brown, Contractor C. E. Hopper of Hayward, Chief Joe Perry, Vice-President Peter D. Juhl of the Chamber of Commerce, and Edward E. Enos, former clerk of the fire commission.

Completion of the building is scheduled for February.

PACE SET BY WARM SPRINGS AS CHEST DRIVE NEARS END

A pace which could well be followed by other communities of the township has been set by the Warm Springs workers in the current Community Chest Campaign.

Miss Isabel Moseley and John Souza, co-chairmen, have set a goal of $400 for their area with the average family being asked to contribute $5 and some being asked for greater contributions.

With one more week of the current fund-raising campaign remaining, workers throughout the township are winding up their solicitations in an endeavor to attain the $8,100 goal.

ONE-HALF DAY'S SALARY

The Alviso District is the first to wind up its solicitations with Mrs. J. V. Orsetti, chairman, assisted by ten volunteer ladies, reporting a total of $160 for their efforts.

"If local residents would give but one-half of one day's salary to assist these seven agencies throughout the coming year we could easily attain our goal," Bruce Michael, president of the Washington Township Community Chest, said this week.

Local residents who have not been contacted by the volunteer workers have been urged to take their contributions to their community chairmen or leave them at any one of the banks of the township.

CHAIRMEN LISTED

The town chairmen who are heading this year's drive are: Mrs. Elvie Cordoza and Mrs. Leontine Costa, Decoto; Warren Silva and Leslie Maffey, Alvarado; Mrs. J. V. Orsetti, Alviso; Mrs. Irene Henderson and Mrs. A. M. Alves, Niles; Dr. E. M. Grimmer Jr. and Mrs. Henry Machado, Centerville; Mrs. J. R. Salvador and Walter Zbyzenski, Irvington; Mrs. Lois Bottenberg and Mrs. Nathan Click, Mission San Jose; Miss Isabel Moseley and John Souza, Warm Springs, and Mrs. John Kellerman and Monford Krueger, Newark.

The budget for this year's funds rasied during the campaign includes: Boy Scouts, $2,840; Girl Scouts, $2,450; Salvation Army, $1,300; United Defense (USO), $350; Travelers' Aid, $150; Irvington Youth Center, $300, and Newark Youth Center, $200.

WATER POLLUTION BOARD HEARING SET FOR NOV. 7

A public hearing has been called by the Regional Water Pollution Control Board for a discussion of the proposal by Camp Parks authorities to dispose of the effluence of their sewage treatment plant into Alameda Creek.

The hearing will be held at 364 14th Street in Oakland at 2 p.m., on Wednesday, November 7.

Matt Whitfield, engineer for the Alameda County Water District, said yesterday that a representative of the district will attend

ELECT OFFICERS

The first meeting of the Centerville Girl Scout Troop No. 66 was held Monday, October 29. The girls elected their officers for the year as follows: president, Bonita King; vice-president, Norma Orsetti; secretary, Ruthie Lenders; treasurer, Eileine Pierce; news reporters, Patsy Berney and Katherine Sweeney.

IRVINGTON SCHOOL EXPANSION WILL COST $180,000

The Board of Trustees of the Irvington Elementary School District was informed at its meeting Monday evening that the proposed addition to the school will cost approximately $180,000.

The estimate was made by George Ellinger, Oakland architect, who is preparing the plans for the annex.

The addition to the present school plant includes four classrooms, expansion of the garage facilities, health room, increased office space, storage room and washrooms.

The cost estimate submitted by Ellinger included furniture and equipment for the new rooms and fencing of the property.

Gus Robertson, district superintendent, stated that it is hoped that the annex can be constructed in time for use at the opening of the new term of school this fall.

"If we cannot have the new building ready by the next school term it will mean double sessions in some of the primary grades," Robertson stated.

It was pointed out that the Irvington district, unlike other districts of the township, is not bonded to its maximum and would be able to finance the construction by a bond issue without depending upon a state loan.

HIGH CARNIVAL TOMORROW NIGHT

The fourth annual P.T.A. Carnival will be held Saturday evening at Washington Union High School from 7 p.m. until 12 p.m., the proceeds going into the Scholarship and Welfare Funds, according to Publicity Chairman Mrs. Gerald Rehrig.

Eleven booths with games of skill will be set up in the gymnasium, plus movies. Following the coronation of the Queen at approximately 10 p.m. by Judge E. A. Quaresma of Niles, the public is invited to stay for dancing, free of charge.

The booths of skill will be manned by members of the high school faculty and parents. Carnival chairmen are Mr. and Mrs. J. O. Hindmarsh and Mr. Bryce Phillips. Chairman in charge of the food is Mrs. Frank Andrade, and the queen chairman is Mrs. G. G. McClain, assisted by Mrs. Robert Moore and Mrs. E. D. Meeker.

The posters and signs for the Carnival are being made by Miss Dorothy Czerny and her art classes, Mr. Hugh Kibby printed the tickets, Mrs. Gertrude Dutra and Mrs. Ruth Shiffrar will head the dancing, and the booths will be constructed by the high school custodians, headed by Mr. Larry Sylva.

The Queen candidates, chosen by the student body of the high school, are Beverly Venturi of Warm Springs, a senior; Jo "Cookie" Hernandez, a sophomore of Decoto; Elaine Souza of Niles and Becky Overacker of Mission San Jose, both freshmen.

AIR RAID ALERT TEST STAGED HERE

An air raid test alert was staged throughout the township yesterday morning by the fire departments in cooperation with the civil defense organization.

Three-minute blasts were sounded on all of the fire sirens as the signal for the alert, followed by a one-minute blast for the all clear.

Residents of the township who did not hear the sirens are asked to notify their fire chief so that the system may be graded as to its efficiency.

TO WASHINGTON, D. C.

Two of the elementary school principals of Washington Township are in Washington, D. C., this week to make a personal appeal for a high enough priority that they can obtain steel and go ahead with their school building program.

The two men are L. W. Musick of Decoto School and J. I. MacGregor of the Newark School. They are expected to return home this week-end.

ANNUAL 'ROBBERY' CONDUCTED QUIETLY

The hobgoblins, witches, ghosts and other eerie creatures paid their annual visit to Washington Township on Wednesday evening but proved to be an orderly lot, causing a minimum of disturbance and damage.

The smaller creatures with their oversized bags of "loot," collected via means of their "trick or treat" routine, went scurrying back to their abodes early in the evening.

The presence of five prowl cars from the sheriff's substation here may have had something to do with the limited activity of the larger pranksters.

KNOWLAND, MILLER PLEDGE AID FOR SCHOOL PROBLEM

Assurance that Senator William F. Knowland and Congressman George Miller would strive to relieve the present steel problem, which is hampering construction of new school units here, was received this week by Gene Manning, executive secretary of the Washington Township Chamber of Commerce.

At the request of the Alameda County School Administrators' Association, the Township Chamber sent telegrams to Senator Knowland and Congressman Miller asking them to support legislation releasing more steel for school construction.

Five school districts of the township, Newark, Decoto, Niles, Irvington and Centerville, face the possibility of being unable to obtain steel for their proposed expansion projects.

In his reply Congressman Miller stated, "I am thoroughly familiar with the conditions existing in the school systems at the present time and am trying to do what I can to get a release of steel for them because I realize the important factors they play in our American way of life.

"I have submitted testimony to the House Committee on Education and Labor on the serious condition that exists in the Sixth Congressional District and feel confident that such information will form the basis for action necessary to make the material available."

Senator W. F. Knowland stated, "In order to relieve the critical school condition I have been in contact with the National Production Authority, the Defense Production Administration and the Office of Education.

"It is my opinion that after national defense the education of our youth should be the prime concern of our nation."

He enclosed a copy of his recent speech on the School Construction Problem before the Senate.

MRS. WHIPPLE LAUNCHES LUNCH FROM BEDSIDE

Mrs. James R. Whipple, chairman of the TB Christmas Seal sale campaign for Washington Township for the 11th consecutive year, this week launched a pre-campaign luncheon meeting for committee members, directing all of the arrangements by telephone from her bedside.

Suffering from heart trouble, she was unable to be present at the luncheon, but was certainly there in spirit, as Judge Allen G. Norris, acting chairman, emphasized in his opening remarks.

Almost 60 people, representatives of the Alameda County Health and Tuberculosis Association, were present at the meeting, which was held at the International Kitchen.

Judge Norris was introduced by Dr. E. C. Grau, Rotarian representative, who opened the meeting with a gavel used by Mrs. Whipple's mother, the late Mrs. Thane, the original chairman of the Christmas Seal sale committee in Washington Township.

SURVEY RESULTS

Results of the recent survey in Washington Township reported at the meeting showed 2056 chest X-rays made. Of this number 45 were termed suspicious of having tuberculosis, 11 were subsequently discharged by private physicians, 8 were found to be old cases, 4 new cases were discovered, and 22 are still being followed up, with the net results indicating about 6 active cases among the total surveyed.

Among those speaking during the program were Dr. Helen Snook of Oakland, president of the county association; M. L. Noble, executive secretary; Richard R. Stewart, seal sale chairman; Miss Ethel Mealey, health educator; Mrs. Florence Williams, staff member; Mrs. Frances Thompson, seal sale director, and Dr. Charles S. McCammon, assistant health officer of the Alameda County Public Health Department.

ADVISORY COMMITTEE

Mrs. Whipple has named as her advisory committee Mrs. A. E. Alameda, E. D. Bristow, LeRoy Broun, Carl Christensen, Dr. Lyle Buehler, Edward E. Enos, J. V. Goold, Rev. John Leal, Tom Maloney, L. W. Musick, Judge Allen G. Norris, Jean VanOphem, E. C. Parks, Rev. John Peffers, Dr. E. C. Grau, Mr. and Mrs. L. R. Batman and George Oakes.

Co-chairmen with Mrs. Whipple are Mrs. W. H. Ford and Mrs. Jean Van Ophem.

Town committees were named as follows: Alvarado, Miss Mildred Nauert, Mrs. Ted Harvey, Mrs. Joe E. Dutra, Mrs. Manuel Pinto; Centerville, Mrs. Allan Walton, Mrs. Merle Buehler, Miss Andrew Carmody, Rev. Howard Steward; Decoto, Mrs. J. L. Olsen, Mrs. Alfred Dana, Mrs. B. HOW WELL DO YOU KNOW YOUR NEIGHBOR

THIS WEEK'S 'GUESS WHO' IS NOT EASY

With this issue we print the second in a series of that interesting Township Register game, "Guess Who."

The person whose identity you guess will be a township man or woman who is prominent in some line of business or profession. There are no prizes given for correct answers, but let us know how well you know your neighbors. We will be interested in hearing how good a guesser you are.

Last week, in case you couldn't find the answer in the paper, our "Guess Who" was Roland Bendel.

In case you cannot identify this week's "Guess Who," the correct answer will be found in the pages of this paper—in an ad, in the classified section, or in a news story.

When you find it you will be surprised.

GUESS WHO

This man, a business man in the township, played with the Stanford varsity basketball team that became famous for the fact that it was the first varsity basketball team to defeat the almighty Golden Bear team of the University of California. He won his block "S" for playing on this team.

His other sport in his youth—and even later—was handball.

He is a veteran of World War I, and was an ensign in the Navy during that time.

He was born in Calaveras County, attended Stockton High, where he was president of the Senior class, and was with the Union Oil Company for 10 years.

His most exciting recreation at the present time is a good game of Canasta, and in this he is tops.

He belongs to the Niles Rotary Club.

Township Will be Last Gap Along Eastshore Freeway

Two more sections of the Eastshore Freeway linking Oakland and San Jose have been budgeted for construction for the 1952-53 fiscal year by the state highway department.

According to the announcement made this week by the California Chamber of Commerce the final section of the Freeway to be constructed will be the portion through Washington Township.

The new allocations in the budget are for the construction of the super highway north from San Jose.

A $1,960,000 portion of the budget has been set aside for construction of 6.1 miles of the Freeway from Route 68 in Santa Clara County to the Alameda County line.

The second apportionment is for $1,240,000 for the construction of 2.8 miles of the highway from the Santa Clara County line to a junction with an extension of Route 5 near Railroad Avenue in Warm Springs.

Budgeted for last year and slated for construction to be completed by late 1952 was the extension of the northern portion of the Freeway as far south as Mt. Eden.

The eventual construction of the portion of the highway for which money has now been appropriated will leave a gap from Mt. Eden to Warm Springs across the full length of Washington Township.

The total over-all budget for construction and rights of way acquisition for the state for the new fiscal year is $103,430,000.

The total for the nine Central Coast counties is $27,876,000, or 26.8 per cent of the state total.

GOLF COURSE OPENS IN HAYWARD TODAY

The day that golf fans in the area have been awaiting eagerly is finally here.

Today (Friday) the Hayward Golf Club opens to the public. Located three miles south of Hayward on the Niles-Hayward highway, the course has been laid out with nine holes, but eventually will be an 18-hole course.

The course is owned by the La Vista Land Development Co. and will be open to the general public, in spite of rumors that it would be open only to stockholders. The stockholders, according to a report this week, will have no special privileges at present.

Green fees have been set at $1.50 for week days and $2 on Saturdays, Sundays and holidays. Reservations may be made by phoning LUcerne 1-9834. The course will be open from daylight until dark.

Barney Pearsall, from Pittsburgh, has been engaged as the golf pro.

SCOUT TROOP AT NILES REACTIVATED

Boy Scout Troop 2 of Niles is to be reactivated, it was announced this week by Dr. Will Lamoreux, committee chairman.

Dr. Lamoreux stated that Paul Stanfield has been registered as scoutmaster of the troop, which has been inactive since the resignation of Thomas Robbins as scoutmaster.

The new scoutmaster has had several years experience as scoutmaster in Oakland, where he lived before moving to Niles.

TOWNSHIP MOVIE AT COUNTRY CLUB

"Life in Washington Township," a movie, will be shown at the next meeting of the Country Club on Tuesday, Nov. 6. Those in the Club who have not seen the show are anticipating it with a great deal of pleasure, as it shows many familiar faces. Arrangements for the showing were made by Mrs. Tom Maloney.

Hostesses for the afternoon will be Mmes. Allan Walton, Merle Buehler, Joe Shepherd, William Clark, Bruce Michael and Richard Johnson Sr.

In the absence of Mrs. A. E. Alameda, who has been in the hospital, the meeting will be presided over by Vice-President Mrs. Le Roy Broun.

These talented and delightful maidens sing songs and perform a harem dance which will bring down the house.

Another big scene is the children's birthday party. All the children from the Irvington first second, third and fourth grades will appear on stage and sing Then they will watch the second graders act out the story of Cinderella, complete with shiny costumes.

The FARMERS CORNER

by Ralph H. Taylor

Executive Secretary Agricultural Council of California

WE'RE GROWING OLD

Life rushes on for us all. As individuals, each year that passes brings us one more step toward the end of the pathway of life—a thought not particularly pleasant to dwell upon. But also, in America, we are growing older as people, in the sense that a far greater proportion of the population is of "senior citizen" age than was the case early in the century. Medical science has virtually killed off some diseases that took heavy toll of human life among the young and middle-aged half a century ago, and has greatly reduced the death rate from others. And better sanitation and higher living standards have contributed to lengthening the average span of life, so that a baby born today may reasonably look forward to celebrating its 69th birthday.

NEW PROBLEMS

Nevertheless, this boon of longer lives for most of us has created new economic and social problems for the nation to deal with. It is difficult even for people with high earning power—under the tax situation—to save up a competence for his declining years. Which simply means that, as the years roll on, the burden of supporting an ever-increasing army of the aged will grow heavier upon the shoulders of those still young enough to run the economic and industrial machinery of the country.

VARIOUS SOLUTIONS

The problem is being attacked form many angles. Many forehanded individuals save what they can in annuities payable when they retire. Labor unions have been pressing for—and in great measure achieving—retirement pay contracts with manufacturing industries. An example is U. S. Steel, whose workers are eligible to retire at 65 with $100 a month pension for life, including Social Security. The auto industries have like pension plans in force. Such measures remove fear of old-age destitution from the individual affected—yet they have no bearing upon the basic problem confronting the whole people, which is simply that all who work and produce must support all who do not work and consume, irrespective of the money factor. That is to say, so far as money is concerned, that if every last American were handed a million dollars in cash and all of us quit working the farms and factories and shops, we would all starve in short order! We'd all die rich in money—but we'd die very soon! None of us can consume anything that is not produced by someone.

COMPULSORY RETIREMENT

In light of the plain facts of the general problem, the idea of compulsory retirement for all at a given age, which is much in discussion these days, is without logic and could only make a serious situation worse. The steel and auto industry retirement plans grant the worker the privilege of retiring at 65, if he wishes. Many of the auto industry contracts provide that he must retire at 68, whether he wants to quit work or not! Great numbers of men and women are fully capable of pursuing their trades or professions, especially in work calling for skill and experience, not only at the age of 65 but on through the 70's and even into the 80's. It is inconceivable that any good can come from forcing such workers to become drones by edict of any sort.

PEOPLE LIKE TO WORK!

However, in common with mistaken ideas generally, the "compulsory retirement" theory has come a cropper in many instances with the final judge—human nature. A national life insurance company recently asked 6,000 male policyholders if they planned to retire at 65. Only 24 per cent—less than 1 in 4—preferred retirement. Of the others, 37 per cent said they intended to keep on with their present jobs as long as possible, and the remaining 39 per cent said they would like to switch to "something useful" in a lighter occupation or one with shorter hours. More thought must be given to developing flexible plans that will provide for the best interests of the worker and the public alike.

Shower Given for Mrs. Jack Parry

The shower given last Friday for Mrs. Jack Parry was timed just right, for her baby boy arrived the following Monday. The hostesses for the shower were Mrs. Harry Querner Jr., at whose home the party was given, and Mrs. Laura Estudillo, Mrs. Corinne Young and Mrs. Naomi Crume.

The Querner home was very festive, with a big stork at the fireplace as the center of attraction. Flower arrangements of chrysanthemums and party favors, appropriate for the occasion, completed the decor. The color scheme was in green and yellow.

Those present included the two grandmothers, Mrs. Alfred Vieux and Mrs. Catherine Parry; and Mmes. Jack Geib, George Geib, Rose George, Octavia Young, Robert Vieux, Leon Vieux, C. N. Myrick, Harvey Braun, Irene Henderson, Glen Mohn, Don Kirkbride, John Brahmst, Louis Havey, Caesar Di Guilio, Gloria Wilkinson, Grace Zwissig, Joyce Vieux, Joe Wallman, Ruel Brown, and the Misses Jeanette Vieux and Harriet Dias.

Buy New Home

After 20 years of living in the Alberg house on Second Street, Niles, Mr. and Mrs. John Galvin will soon be moved into the new home they bought in Niles Manor.

The place they have been renting has already been taken by the Niles librarian, Mrs. Evangeline Koehl and her husband, who will move over here from Pleasanton.

Unhappy Ending to Wonderful Trip

Mr. and Mrs. Leon Solon, who returned last week from a three weeks' trip that took them into seven western states, were very happy that they'd arrived home via the San Francisco route, rather than coming through Niles Canyon, in which case they would have come upon their fire-ravaged service station without any warning.

"It would have been a shock to come upon it unawares," said Mrs. Solon. As it was, they arrived home and were told about it before they saw it. Naturally, it was an unhappy ending to what otherwise was a wonderful trip.

In the company of Mr. and Mrs. Jack Geib, they visited the Grand Canyon, Bryce Canyon, and other western scenic spots. In Pocatello, Idaho, they stayed with Mr. and Mrs. Lorin Mohn, former Niles residents. Mr. Geib, who works at Westvaco at Newark, went through the Westvaco plant at Pocatello and was very much impressed.

Bridal Shower For Jan Nall

Jan Nall of Irvington, who will become the bride of Milton Mohn on December 15, was the honoree at a miscellaneous shower given for her last Thursday at the Haynes home in Irvington, with Anna Mae Grimmer sharing honors with Jacqueline Haynes.

The guests included Nadine Fernandes, Eva Bassignani, Joyce Rodrigues, Leah Robertson, Jeanette Robertson, Dorothy Soito, Irene Navas, Shirley Scarlett, Marlene Roche and Florinda Lewis.

Cake, salad and sandwiches comprised the refreshments.

Wedding Reception for Mission San Jose Pair

Mr. and Mrs. Frank Dias of Mission San Jose gave a wedding reception last Saturday for their daughter, Evelyn Meyers, and their son-in-law, Duane Spence of Niles, who became mister and missus at a Reno wedding on October 19.

LOCALITES MAKE FISHING HISTORY

The week-end proved very exciting and profitable to those aboard the "Sea Wolf," the fishing boat owned by Tony Santos of 1928 Vallejo Street, Alvarado.

One of the biggest catches of the year was hauled in on Sunday at Frank's Tract. Henry Bielar, one of the guests, hooked four, the largest weighing 28 pounds. Robert Dutra, 12 years old, of Alvarado, was able to go back to the Palo Alto Military Academy on Monday relating the thrill of catching a 24½ and a 19-pounder.

Joseph Dutra, owner of the Bear Cat Club, who recently came back from an unsuccessful deer hunt in Meeker, Colorado, spent most of the afternoon netting for the fishermen but managed to hook a 21½-pounder. Tony Santos hauled in his limit, among them one tipping the scales at 20 pounds.

On arriving home the catch was brought into the Santos' rumpus room where pictures were taken and developed immediately by the use of the Polaroid camera owned by Mr. and Mrs. Santos.

After picturetaking came the chore of washing and scaling. At 11 p.m. the men were still up to their necks in fish scales.

On the Friday previous to this memorable Sunday, Messrs. Dutra and Santos brought in a 14½, 12½ and 7½ pounders. On Saturday Mr. Santos had gone alone and came home with a limit, the largest weighing 14½ pounds.

SONJA HENIE AT COW PALACE

Sonja Heine opens November 15 at San Francisco's Cow Palace with her own new Ice Revue, acclaimed the most spectacular and entertaining of all her glittering ice shows. A special 13-car train will bring the revue from Hollywood for its 19 local performances.

Six baggage cars, five sleepers, a diner and a club car make up the train. The stage effects take up most of the space although the $285,000 worth of costumes are packed in 42 wooden crates, each 7 by 5 by 4 feet.

All are labeled "Sonja Henie" and numbered, but the two crates containing Sonja's costumes have three big stars stenciled on them. They always are placed in the most accessible position, so there will be no chance of delay.

Most expensive of Sonja's costumes is the $22,000 imperial sable fur she wears in many of her numbers.

Salaries, other than Sonja's, range from $65 to $800 a week. Ninety per cent of the skaters are from California where the show was recently organized.

The revue, which will be televised, will be presented every evening except Sundays and Mondays, with special matinees on Saturdays and Sundays. Mail orders are now being received for all performances at 657 Market Street, San Francisco. Prices are $1.50, $2, $2.50, $3 and $3.60.

HUSKIES, PUPPIES IN TOUGHEST TEST OF YEAR TONIGHT

The Washington Huskies and Puppies both won their Santa Clara Valley Athletic League games last Friday evening against Campbell on the home field and tonight journey to Sunnyvale to meet the powerful Fremont Indians in what is expected to be the toughest game of the season to date.

Coach Irving Hird's Puppies trailed 7 to 0 at the half-time in their game last Friday but fought their way to a 14-7 victory in the final half.

Coach Jud Taylor's Huskies had a rough time getting by the Campbell varsity 12 to 6 with defensive line play saving the game in more than one instance.

Rich Duarte failed to add the extra points after the two touchdowns last week, the first time he has missed all season.

A pass from "Coco" Rivera to Martinez was good for the first Huskie touchdown late in the first quarter.

Campbell came back in a series of line smashes to tie up the score.

A pass from Joe Gonzales to Rivera late in the half took the Huskies to the one-yard line. Instead of crashing the ball over for a touchdown the Huskies decided at that point to get fancy, and when it was finally fourth down with eight yards to go the ball was handed off to Joe Alexander, who could only fight his way back to the three-yard stripe.

Early in the thrid quarter Martinez intercepted a Campbell pass on the Campbell 35. Rivera passed to Zeisse on the 20 and "Coco" scooted around his own right end for the touchdown on the following play.

Campbell threatened late in the final quarter but was stopped on the four-yeard line by the Huskie forward wall.

FOUR HUNTERS BAG TWO DEER EACH

Four hunters plus a trip to Colorado equals eight deer.

That was the formula provided by Max Stevenson, Joe Dutra, Ray Bettencourt and Al Caeton who have returned from a hunting trip near Meeker, Colorado.

The four sportsmen left on their excursion early in October and went up around the 8,000-foot mark in the Rockies where they pitched their tent in the heavy snow and began their search for their prey.

They got their limit of two deer each in a reasonably short time but never got a shot at an elk. Largest of the eight deer bagged was a 238-pound buck.

Fifty years ago the source of yellow fever was reported by Dr. Walter Reed's Army Commission as the Stegomyia mosquito, February 4, 1900.

FAMED BRUSHWOOD POET HERE NOV. 3-10

Cottonseed Clark, world famous for his Brushwood poetry and philosophy, will make two personal appearances in Washington Township this month. He will be at the Newark Pavilion on November 3 and at the Niles Rollerhaven on November 10.

Clark will appear in both places along with Mike Andrews and his western band for a full evening of western dance music.

It has been said of Clark that he has a touch of Will Rogers in his down-to-earth humor, a dash of James Whitcomb Riley in his folksy hominess and a pinch of Robert W. Service in the easy flow of his poems.

A native of Texas, Clark has been a radio artist on both NBC and CBS for many years and organized the Hollywood Barn Dance program. He has written many of radio's great programs—and still does.

Outstanding among his masterpieces of rural rhyme are "Ma's Old Galvanized Wash Tub," "Pa's Straight Razor" and "When th' Preacher Came to Dinner."

Featured with the Mike Andrews Western Band will be Roy "Country Boy" Butler.

90% For! 10% Against } Time to settle...

Railroad workers are represented by 23 standard unions. By mutual agreement, 20 of these unions—comprising about 1,200,000 men, or more than 90%—are working under wages and rules agreed to by them and the railroads. But leaders of three unions—with only about 130,000 men, or less than 10%—still refuse, after more than a year of negotiations, to accept similar wage and rules agreements. These are even more favorable than the terms recommended by the Emergency Board appointed by the President.

Yes, it certainly seems to be finally about time that the leaders of the three unions stop their delaying tactics—their quibbling. But the leaders of the Brotherhood of Locomotive Engineers, the Brotherhood of Locomotive Firemen and Enginemen, and the Order of Railway Conductors continue to refuse. They continue a course of dillying and dallying. It is definitely time to

END THIS QUIBBLING!

On June 15, 1950, an Emergency Board appointed by the President under the terms of the Railway Labor Act—an Act largely fathered by the unions themselves—made its recommendations on certain wage and working conditions ("rules" in railroad language) which had been in dispute between employes and the railroads.

More Than 90% of Employes Accept

Since then, terms equal to or better than the Board recommendations have been accepted by about 1,200,000 railroad employes—more than 90% of the total of all workers. They are represented by 20 of the 23 standard railroad unions.

Less Than 10% Refuse

But three unions—with about 130,000 men, or less than 10% of the total—have refused to accept, even after months of negotiations. These three unions are the Brotherhood of Locomotive Engineers, the Brotherhood of Locomotive Firemen and Enginemen, and the Order of Railway Conductors. These are three of the so-called "operating" unions. Already the highest paid men in the industry, their leaders demand still further advantages over other workers.

In all, there are about 270,000 operating employes. But not all of them, by any means, are represented by BLE, BLF&E, or ORC. As a matter of fact, less than half—132,000 to be exact—are in these three unions. More than half—about 140,000—are in other unions, principally the Brotherhood of Railroad Trainmen. What makes the whole situation so hard to understand is that these 140,000 operating employes are working under wages and rules which the leaders of the other 130,000 say they cannot agree to.

What Do the Railroads Offer?

They offer these three unions the same settlement which was contained in a Memorandum of Agreement signed at the White House on December 21, 1950, by four brotherhoods and the railroads. Later these brotherhoods sought to repudiate this agreement. But on May 25, 1951, the Brotherhood of Railroad Trainmen signed a complete agreement carrying out the principles of the Memorandum Agreement of December 21. They have been working under this agreement since May 25.

What About Wages?

Under the terms of the agreement, yard engineers, firemen and conductors would now be receiving a wage increase of $.34 an hour ($2.72 a day) and road engineers, firemen and conductors would now be receiving an increase of 19½ cents an hour ($1.56 per day). Large sums of retroactive pay have already accrued and if the agreement is carried out, will be paid promptly.

What About "Cost of Living" Increases?

The White House Agreement includes an "escalator" clause under which wages will be geared to changes in the Government's cost-of-living index. Two such increases—April and July, 1951—have already been paid to the 90% of railroad employes covered by signed agreements.

What About the 40-Hour Week?

The White House Agreement calls for the establishment of the 40-hour week in principle, for employes in yard service. The employes can have it any time after January 1, 1952, provided the manpower situation is such that the railroads can get enough men to perform the work with reasonable regularity at straight time rates. If the parties do not agree on the question of availability of manpower, the White House Agreement provides arbitration by a referee appointed by the President.

What Else Do the Union Leaders Demand?

The continued quibbling of the leaders of the three unions has to do principally with rules changes, which have already been agreed to by the Brotherhood of Railroad Trainmen. Of these, the principal one seems to be that having to do with so-called "interdivisional service"—runs which take in two or more seniority districts.

The union leaders would bar progress and efficiency in the industry, and better service to the public, by maintaining a situation where they can arbitrarily stop a railroad from establishing such interdivisional runs. The carriers propose that if a railroad wishes to set up an interdivisional run, the railroad and the unions should try to agree on such run and the conditions which should surround its establishment, and if the railroad and the unions can't agree, the matter will be submitted to arbitration.

But the three union leaders still refuse.

Rules Can Be Arbitrated

The railroads have not only offered these three unions the same rules agreed to by the BRT and covered by the White House Agreement, but have even agreed to submit such rules to arbitration.

The Industry Pattern Is Fixed

With the pattern so firmly established in the railroad industry, it seems fair to suggest that the leaders of BLE, BLF&E, and ORC stop their quibbling and take action to make the railroad labor picture 100% complete. Certainly today's economic and international situation calls for a united front. And certainly no good reason has been advanced why these three unions should be preferred over all other railroad employes.

ON THE AUCTION BLOCK

After a survey of the area of Niles generally known as "Old Town," The Register stands convinced that the auction of Old Town land, to be sold on November 15 by the City and County of San Francisco, is a transaction that will not only benefit the town of Niles, but will prove to be a boon to the residents of that entire area.

Take, for example, the Salvador Reyna family of Vallejo Street. The Reynas have lived there in a small rustic dwelling for 27 years. Relio Reyna, a son, who acted as spokesman for the family, said: "We have forwarded our cash deposit on the property. The price is a little steep, but we want the property. We are anxious to own the land, so that we can tear down this old place and build a modern home."

There are seven in the Reyna family. They want more living space. They are tired of living in cramped quarters. They want a home they can be proud of, and are glad of an opportunity of owning it, rather than paying rent on it. "Why should we build a nice home on land we don't even own?" asked young Reyna.

This question expressed the sentiment of several other Old Town families. The Jose Cando family, with three children, have already sent in their cash deposit, and are anxious to own the land on which their home stands. "We came from Mexico, but we like it in California. We like it here in Niles. We want to own our land."

Robert Lopez, the father of two children and a section foreman at the Southern Pacific, stated, "It's a fair price (prices that will be accepted range from $350 to $2000), and I'm very happy to think we have a chance of owning the land here. The only thing I'm afraid of is that we might be overbid. But I'm willing to go a little higher, if necessary, because we want a nice home. You know," he continued earnestly, "I want my kids to have a nice home to bring their friends to. It means a lot to kids."

So Old Town is to go on the auction block, and the only ones who will shed any tears are the sentimentalists who hate to see the "old order change." The people most concerned—those who have their homes there—are looking forward to the change with high hopes and stalwart hearts, truly a fine example of the American pioneering spirit.

MEMBERSHIP OF 270 FOR IRVINGTON PTA

The third grade students of the Irvington Elementary School and their teacher, Miss Irma Bond, were declared winners of the school's P.T.A. membership campaign at the meeting held last Thursday.

Mrs. Martha Stone, president, announced that the third graders had won the award for the second consecutive year by being the first to achieve 100 per cent membership. The name of the class will be engraved on the trophy.

Mrs. Fred Kuhne, program chairman, annonuced that the membership to date is 270 with still more expected.

Plans were discussed for the annual P.T.A. card party to be held at the school on November 30.

Following the meeting an interesting program was presented by the fathers. They outlined the scouting and 4-H Club program as it is being carried out in the community.

FEDERAL TAX ON TELEGRAMS REDUCED

The Western Union Telegraph Company has announced that, effective November 1, the federal tax on telegrams between points in the United States and between the U. S. and its territories will be reduced to 15 per cent. The tax cut is from the present 25 per cent. The tax for points outside the U. S. will remain at 10 per cent.

Pine martens are much valued for their fine pelts.

OPERETTA BILLED FOR SAN JOSE

Two events are attracting local music lovers to San Jose in mid-November: "The Bat" (Die Fledermaus), John Strauss' hilarious operetta, scheduled for Tuesday night, November 13, and the famous Robert Shaw Chorale, dated for Friday night. November 16.

"The Bat" has its singers, conducted by Howard Albertsen Jr. from the San Francisco Opera and Light Opera Bay Area groups. Geri Williams, William Bond, Helen Alberts, Edgar Iverson, Arlene Whitver, Everett Nygaard and Lawrence Mason head the cast. The Waltz Ballet is by members of the San Francisco Opera Ballet

The Robert Shaw Chorale carries its own chamber orchestra, and is thus able to give works rarely heard except with Philharmonic Symphony Orchestras. The Shaw Chorale has such tested technical skill and vocal perfection that it has sung with Toscanini's Orchestra and with Koussivtzky. The San Jose program will range from the Mozart Requiem, Brahms, Ravel to Gershwin's "Porgy and Bess" and "South Pacific."

Tickets are on sale at the Denny-Watrous box office, San Jose auditorium.

SHADES OF HALLOWEEN

After running out of "trick or treat" material, I solved the problem by standing at the door with a paper bag in my hand (empty), reaching down into the depths of the outstretched paper bags of the "tricksters" and putting absolutely NOTHING into them. The youngsters, happily unawares, and already surfeited with everything in the way of sweets, went merrily on their way, never knowing the trick that I had played on THEM. But why didn't I think of it sooner?

I understand that truckloads of youngsters came into Niles from other areas, "covered" the town, and went away with immense "hauls."

A few years ago, the youngsters came around with paper bags.

Now they come around with flour sacks!

Two little boys—brothers—were on hand bright and early, the morning after Halloween, washing the windows of The Register office!

Was it conscience? Or was it that they wanted to prove that not all little boys are bad little boys? Anyhow, it was a novel and refreshing experience, taking away some of the resentment generated by older boys who throw tomatoes.

The Knights of Pythias of Newark are holding a turkey whist party on the night of November 19, according to an announcement this week.

The affair will be held at the Newark School.

Answer to this week's "Guess Who": E. C. Parks, Niles realtor.

SOME CHANGES

There have been some changes made.

The home of Mr. and Mrs. John Lorenzo has been purchased by Mr. Salazar who operates a grocery store on Seventh Street. The Lorenzos, who have resided on Ninth Street for many years, will move into their new home on Third and F Street.

Arthur Brown, who has been working at the Hayward Airport with the National Guard, is now an employee of the U. S. Pipe and Foundry Co. on Whipple Road. Arthur and his new bride are expecting to move into their new home soon in Ashland.

Marion Delgado, who has been employed as custodian and driver of a bus for the Decoto Elementary School, is also an employee of the U. S. Pipe and Foundry Co.

ACCIDENTS

Dr. Morgan Lee treated Ralph Pacheco, 32, of 910 Tenth Street, Saturday night when he received a bruised shoulder after he was involved in a minor accident with a semi-truck on the Niles-Decoto Highway.

Pedro Delgado, 37, was also treated by Dr. Lee for a fractured collarbone Sunday. He resides at 407 Sixth Street. Although he is still under the doctor's care, the cause of his injury was not explained.

Five-year-old Yolando Triana was treated for a bruised back after a complete examination showed there weren't any other injuries caused by a fall and was stepped on by a horse. She is the daughter of Mr. and Mrs. Louis Triana of 916 E Street.

CHAIRMAN NAMED

Mrs. Elmer Peixotto has been named chairman for the Decoto P.T.A. whist party to be held on Friday, Nov. 30. She named her committee as follows: Mrs. Elvie Cardoza, Florence Wallace, Mrs. Bernie Joseph, Mrs. Hazel Costa, Mrs. John Navas, Mrs. Frank Mateo and Mrs. Galo Gonzales.

COLOR GUARD

Bill Davis, E. H. Rabowicz of Oakland, and Giles Hunter of Hayward carried the color guard at the grand opening parade at the Cow Palace in San Francisco. The parade opened the annual grand national livestock and horse show rodeo. Members of the Mt. Eden Horsemen's Association, to which these three men belong, were given grandstand tickets for the show.

IN BOULDER CREEK

Mr. and Mrs. Joe Carey spent a wonderful week-end at their son's cabin in Boulder Creek. On Sunday, Mr. and Mrs. Vernon Carey and Mr. and Mrs. Al Johnson motored to the cabin to enjoy dinner with Joe and Alice. The six motored to Santa Cruz where the men fished and returned with wonderful results.

WELCOME!

Welcome to two new faculty members recently added to the Barnard School. They are Sherman Lombie of San Jose who is teaching the seventh grade and Ruth Long of Utah who teaches the fourth grade.

REPLACEMENT

Mr. Emillo Paniagua will temporarily replace his son, Gonsalves Paniagua, who has resigned as maintenance man at the Decoto Sanitary District disposal plant on the Alvarado-Niles Road. Gonsalves has accepted a position with a private industry, according to Bernie Joseph, sanitary district commissioner.

NEW STUDENT

Barbara Watkins, a former resident of Oregon, is now living with her grandmother, Mrs. Anna Watkins. Barbara expects to enroll at Washington High as a freshman. Welcome back to Decoto, Barbara.

LODGE MEETS

The Guiseppe Mazzini Order of the Sons of Italy in America held their monthly meeting last Friday evening at the Hansen Hall in Centerville with President Nick Fazio conducting the meeting.

Grand Recording Secretary Mr. Vincent Mellena of San Francisco, was a visitor and gave a brief talk. Also present were Mr. and Mrs. P. Meli of San Leandro. Nomination and election of officers will be held at the December meeting. Entertainment was provided by Bruno Orsetti, Marilyn and Ronnie Boitano and Rosemarie Fazio, all playing accordion selections. Refreshments and dancing was also enjoyed by all.

SYMPATHY

Our deepest sympathy to the Mary Bernard family on the loss of their sister. This is the second death in their family this year, and all of us express our sympathy during your grief.

WEDDING BELLS

Lovely Betty Ward became the bride of Lucas Sanchez at a 5 p.m. ceremony last Saturday evening at the Holy Rosary Church in Decoto. Father Ralph Dugan officiated.

The bride was escorted by her father and was in a lovely white satin gown with a train. Her long net veil, trimmed with inserts of lace, was held in place by a crown of seeded pearls. She carried a bouquet of white carnations with a purple orchid center.

The groom's sister, Mrs. Ray Higgins of Oakland, was the matron of honor. She was in a peach organdy dress with a matching crown trimmed with daisies.

Ray Higgins, the groom's brother-in-law, served as best man.

The church was beautifully decorated with white mums, white stock and evergreens. Mrs. Joseph Terra was the organist.

A reception was held at the groom's parents in Ashland immediately following the wedding.

The couple will reside in San Leandro where Lucas is employed at the San Leandro Poultry.

Betty is the daughter of Mr. and Mrs. Ed Ward of Whipple Road, Decoto. She graduated from the Decoto Elementary School and was a student at the Washington High School.

IRVINGTON CENSUS COUNT PROTESTED

The Irvington Chamber of Commerce, unsatisfied with the official count of the Bureau of Census, will use the figures now being compiled by the school in a census count, it was decided at Tuesday's luncheon meeting.

The Chamber requested last month that the highway signs showing the 900 population of 1940 be brought up to date. In reply to their request the Bureau of Census informed them that the preliminary census count for 1950 was but 739.

In a letter received this week the Bureau of Census announced that the final tabulation shows a population of 751 for Irvington.

A map of the community prepared by the Department of Commerce was enclosed and, as far as the Chamber members were concerned, helped account for what they termed an "incomplete count."

The map shows a non-existant street between Broadway and Union Streets, intersecting those two streets at the site of the Central Bank. Highway 17 is shown as Highway 69; Driscoll Road is shown as Niles Road; Vine Street is listed as unnamed and the large housing tract on Fourth Street is not included.

COUNTY TO PURCHASE LAND AT CENTERVILLE

Consummation of the purchase of slightly more than one acre of land back of the Alameda County office building on Fremont Avenue has been set for November 20 at 10 a.m. in the meeting room of the Alameda County Board of Supervisors in Oakland.

Price for the 1.196 acres to be purchased from Dr. E. M. Grimmer of Irvington is $3,588. The land is to be used for future expansion of facilities and present enlargement of parking space.

The original three-acre site of the building was donated to the county by Dr. Grimmer.
